STATE TROOPS CALLED TO QUELL RACE RIOTS IN CITY OF CHICAGO

Chicago, July 31.—Troops of the Illinois reserve militia are on guard in Chicago's riot zone today and reports indicate comparative quiet in a district which, since Sunday has been seething with battles between whites and negroes. Only sporadic fighting has been reported and there has been no killings reported since early yesterday.

A withering hail of fire greeted the first units of the troops that entered the troubled districts. As the troops lined up after their arrival a fusillade of shots came from doors, windows and alleyways where snipers were hiding in every possible place of concealment. The troops returned the fire, but no casualties were reported.

Shortly afterward troops and negroes again clashed at 58th Street and Racine Avenue. For the most part, however, the arrival of the troops was the signal for the rioters to withdraw to their homes and only occasional shots from stragglers along the railroad tracks came thereafter.

Orders to send the troops into the riot zone came early last night and ten minutes later the first units had arrived. By midnight five of the seven mobilized regiments were patrolling the riot areas.

The calling of the troops came after two days of expectancy and after Mayor William Hale Thompson had personally requested aid from Adjutant General Dickson.

The adjutant general today is personally directing the militiamen who are working in close co-operation with the police.

Troops aided the police to disperse a mob at 38th and Dearborn Streets after Sam Banks, a negro had been shot in the abdomen. Soldiers were fired upon by a mob at 63rd and Loomis Streets when a band of negroes started to drive all white people from the streets in that vicinity. The mob was dispersed without casualties.

Incendiaries have been setting fires in the riot zone and one of the most serious clashes between troops and

rioters came while the soldiers were endeavoring to extinguish a fire that destroyed ten stores and several residences with a loss of \$125,000. Small fires are burning today in numerous places throughout the district and are causing the fire department no little trouble.

A report that many negroes employed in the stock yards have been tossed into the Chicago river and drowned caused the police today to start dragging the river for bodies.

Soldiers, aided by the police, are combing the riot district, searching both negroes and whites for weapons and disarming every rioter found to be armed. Many houses suspected of harboring snipers or concealing ammunition have been entered and searched and where resistance was offered the militia and police promptly battered down doors.

The call for the militia came after special investigators sent out by the mayor and by state authorities had learned of reputed plans of a number of South Side athletic clubs and other white organizations had summoned their members and were preparing to attack the negroes in force with the intent of wiping out the entire "black belt." Torch parties, it was reported, were being organized to fire the homes of the negroes. The calling out of the troops, it is believed, prevented the breaking out of violence on a scale far more elaborate than at any time since the rioting began.

The coroner's inquest into the cause of the riots has been postponed indefinitely until the exact number of dead has been officially determined. The most accurate report today is that 29 have lost their lives, three of those wounded and taken to hospitals having died since yesterday.

The grand jury probe of the riots is under way and a thorough investigation is being made also by federal authorities. The states attorney's office has announced that the death penalty will be demanded for all those found guilty of murder during the riots whether they be white or black.

DAYLIGHT SAVING UNDER FIRE AGAIN

Washington, July 31.—Daylight saving was again under fire today.

The senate recently voted 56 to 6 for the repeal of this law in a rider to the agriculture appropriation bill which was later vetoed by the president. Today the senate was to vote on the separate repeal bill which already has gone through the house.

Senator Cummins, of Iowa, chairman of the interstate commerce committee of the senate, stated that he would attempt to force the measure to a vote today, and was confident of its passage.

Should the repeal bill pass the senate those favoring daylight saving are confident that it will be vetoed by the president and they declared that there is not sufficient strength in either the house or senate to pass it over the president's veto.

NEVER TOO OLD TO WANT DIVORCE

Toledo, O., July 31.—Frederick Bealer, 91, couldn't agree with his wife, Martha, 81, and instituted divorce proceedings. Martha came back with alimony proceedings and now Frederick must pay his wife \$20 a month from his savings which amount to \$1,175. His own allowance was fixed at \$25 a month. They had been married 30 years.

SONG AND DANCE TEAM MAKES GOOD IN COURT ROOM

Atlanta, Ga., July 31.—When Judge Johnson in Police Court seemed to doubt the story of James and Minnie Riggins, who maintained that they were vaudeville artists, they offered to do their "stunt" to prove it. Space was "squared off" and the couple, blacked when they were arrested, executed several negro turns before His Honor.

"Fine," pronounced the Judge, after an encore.

The couple looked horrified.

"H-h-h-w m-much, Judge," asked the male half of the duo.

"I mean the show," laughed the Judge. "Case dismissed."

TYPHUS FEVER AT DENVER.

Denver, Col., July 31.—Harley Wilson, thirty-one, a decorator, died here from what a number of Denver doctors diagnosed as typhus fever—the first case ever recorded in this city.

JAMESTOWN FAIR RACES SATURDAY

Owing to a wet track which will delay and perhaps make it impossible to pull off any of the Thursday races the Jamestown fair management has decided to carry the race program over through Saturday. Races left unfinished Friday afternoon will be run on Saturday.

ALARM CLOCK A LUXURY?
Portland, Ore., July 31.—Jewels here, complaining against the luxury tax, cite their inability to convince returned army men that a tax on alarm clocks is proper.

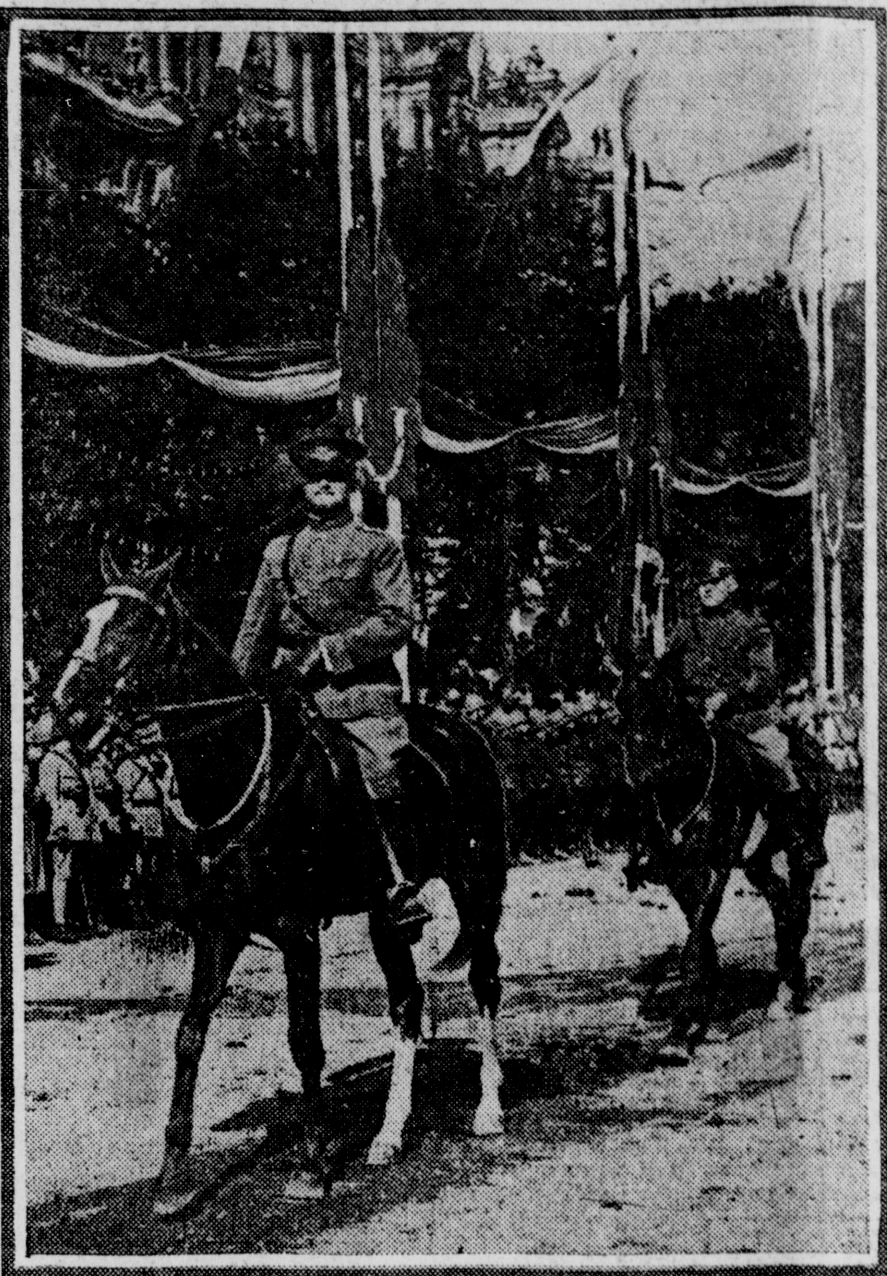

"Getting up a luxury?" ask the former soldiers. "It wasn't considered so in the army. You'll have a sweet time telling that to the boys."

YEAR'S PAY TO SERVICE MEN IN REPRESENTATIVE BAER'S BILL.

Representative Baer, of North Dakota, has reintroduced his bill providing for a bonus of a year's pay for every man that served in the war, according to a report from Washington. The Baer bill provides that the revenue to meet this expense be raised by surtaxes on incomes over \$25,000 annually. He estimates \$2,400,000,000 will be required.

OHIO FISHERMEN NEED NOT TAKE OUT A LICENSE

That the statement that gained credence throughout Ohio to the effect that fishermen had to pay a license fee of two dollars, is incorrect, was the information received Thursday by C. F. Taylor, President of the Greene County Fish and Game Protective Association, from A. C. Baxter, Chief Game Warden.

According to Mr. Baxter the statement of the license was given out through an error in confusing the law which requires fishermen who do not belong in this state to pay such a license fee. Ohio fishermen are not bound by the law, according to the translation put upon it by the Chief Warden.

An effort is being made through the state to correct the first impression given out, that required all fishermen to pay two dollars, and to impress upon sportsmen that it is only fishermen from out of this state who are subject to the workings of the law.

XENIA QUOT TEAM BEATS CENTERVILLE

In a return game with the newly organized Centerville quito club, which was played on the grounds of the Xenia Quoit Club here Wednesday night, the locals were victorious, winning 9 out of the 12 games played.

The points scored by Xenia were 243 and by Centerville 176. The Xenia Club was represented by Roy Ary, J. W. Shadrach, Judge J. Carl Marshall, J. B. Smith, William Smith, M. A. Smith, C. C. Henrie and M. C. Bailey.

TWO TRAINMEN ARE KILLED IN WRECK

Stamford, Conn., July 31.—Frank Brickley, of New Haven, engineer, and Charles Rust of New Haven instructor, were killed early today in a rear end collision of freight trains on the New Haven railroad between Greenwich and Port Chester. The wreckage caught fire and the Greenwich and East Port Chester fire departments were called out. The debris burned for several hours.

PLENTY OF BOOZE IN COUNTY JAIL

Wheeling, W. Va., July 31.—There is enough whiskey in town to give every inhabitant a pint each. But it will do the thirsty no good.

The Ohio County jail holds 2,000 gallons of the inebriate's joy, all taken in raids since the state went dry. The whiskey, valued at \$64,000, would give two ounce drinks to 120,000 thirsties, it is estimated.

FEDERAL CONTROL NEEDED.
Cincinnati, July 31.—Prosecuting Attorney Capelle, who has been conducting a grand jury food price probe, says he believes federal control with state co-operation will solve the food question.

GREENE CO. MEN ATTEND TAXATION MEETING WEDNESDAY

S. H. Shawhan, Albert Burrell, Joseph Mason, H. H. Warren, Joseph Guenther and Mr. Hartley of Fairfield, were Greene County men who attended the joint meeting of home associations, granges, farm bureaus and labor unions which was held in the Southern Hotel in Columbus Wednesday to form an organization to oppose the property classification amendment at the fall election.

Out of the joint meeting was evolved the "Ohio Home Protective League," with L. J. Taber, of Barnesville, master of the Ohio Grange as president. The joint meeting was called by the Grange and the Greene County men present are members of this organization.

Sides both for and against the amendment were drawn in Columbus Wednesday, for while the Grangers and their supporting organizations were meeting at the Southern, the backers of the movement were meeting at another hotel, in much smaller numbers, where they formed the Ohio Taxpayers' League, a revival of the organization of the same name which backed the amendment last fall. The amendment, passed last fall, was declared unconstitutional because of conflict.

Former Lieutenant Governor W. A. Greenlund of Cleveland, and George A. Gagle of Columbus, were the principal workers at the meeting of backers of the proposal and among those who conferred with Greenlund and Gagle were W. S. Hayden of Cleveland and Charles H. Deppe and Harry Weil, both of Cincinnati.

Arguments against classification waxed bitter in the discussion that took up practically all afternoon. State Auditor Donahey said there is "great danger of the amendment getting over this fall. 'The stage is set,' he said, 'and those backing it have ample funds and a powerful organization.'"

DIES OF APOPLEXY 20 MINUTES AFTER SHE WAS STRICKEN

Stricken by apoplexy while eating supper Wednesday evening, Mrs. Anna Mary Johannes, 81 years of age, widow of John E. Johannes died about 20 minutes later at her home on the Trebein road. A physician arrived after she had passed away.

Mrs. Johannes' maiden name was Anna Mary Roshart, and she was born in Dyer, Germany. She was 19 years of age when she came to this country, and ever since then her home was in Greene county, where she was married. Her husband died about nine years ago, and surviving her are the following children, George and the Misses Sophia and Mary who have lived with their mother on the home place; William of the Trebein road; Felix of Clifton; Charles of Alpha; Frank of Middletown, and Mrs. Nelson Ashbaugh of this county.

Funeral services will be held Saturday afternoon at the Byron church at 2 o'clock, the cortege leaving the house at 1 o'clock.

MILLION DOLLAR FIRE OF AIRPLANES

New York, July 31.—Direct evidence that enormous quantities of air planes, plane parts and army equipment of all kinds was "wantonly" destroyed in France after the armistice was given the congressional sub committee sitting here today, by aviators and mechanics who participated in the destruction. The committee, of which Rep. Royal C. Johnson, of So. Dakota, is chairman, is investigating prison brutalities and misuse of army funds and property.

The witnesses told the committee of a "million dollar fire" at the first air depot at Colombey Les Belles, France, where army authorities ordered the burning of a tremendous amount of materials. Many planes, only slightly used and some still bearing their original shipping tags, were thrown into the huge conflagration according to the witnesses.

OHIO WILL GO TO THE BOTTOM OF H. C. L. PROBLEM

Columbus, O., July 31.—Prosecuting Attorneys of Ohio are determined today to go to the bottom of charges of food profiteering, following their meeting in Columbus yesterday, when 82 of the 88 prosecutors of the state were present to canvass the situation.

Those present were much impressed with the statement of Prosecuting Attorney Capelle, of Cincinnati, who favors a better cold storage law. In his opinion the law should set a time limit on foodstuffs in storage and he would have a state department to control food so stored.

It is the general consensus of opinion of the county prosecutors that more stringent food laws should be passed in Ohio, but in addition to these they believe it is a matter of national importance which should call for state and federal laws to be uniform in dealing with profiteering and hoarding of food.

Without giving any of the secrets of the grand jury investigation Prosecutors from the large cities cited many instances in which they say the laws are being violated and many other instances where the violation of the laws of common decency are, in their opinion, being violated calls for attention.

The plan of action thus far seems to be grand jury investigations in the several counties. Then the prosecutors will bring action against alleged violators and rely upon public sentiment to aid in conviction. Moral effect of showing up profiteering is looked upon as a great aid in clearing up the situation.

From indications, the state has never been aroused to the extent that it is today over economic questions and the offices of county prosecutors and that of the attorney general will look upon the food investigation as being of paramount importance during the coming weeks, it is said.

GRAND JURY TO PROBE THE H. C. L. IN CLEVELAND

Cleveland, Ohio, July 31.—County Prosecutor Doerfler was expected to take the preliminary steps today towards summoning a special grand jury to investigate food conditions in Cleveland. There was a possibility that the special grand jury which investigated vice conditions might be recalled although this was not regarded as probable in view of the fact that the vice investigation was directed by the state.

Meanwhile the investigation was under way. Personally directed by Thomas C. Gault, chief of the state dairy and food division, the probe started among the cold storage warehouses. Two inspectors were assigned to the work by Mr. Gault who declared that the investigation would be a thorough one.

As a result of apparently misleading statements on the part of the cold storage plants two new questions are to be included in the questionnaire that they will be required to fill out regarding food held in storage, Mr. Gault announced. They will be required to state not only how long the food has been in storage but who owns it.

Mr. Gault will co-operate with Prosecutor Doerfler and any evidence of irregularities he should discover will be turned over to the prosecutor.

CLEVELAND TO HAVE NEW EIGHT MILLION DOLLAR BUILDING

Cleveland, O., July 31.—A new skyscraper to cost \$8,000,000 will be erected in Euclid Ave. at East 9th Street by the Citizens Savings and Trust Company and the Union Commerce National Bank, it was announced today.

SECRETARY LANSING TO GO BEFORE FOREIGN RELATIONS COMMITTEE

Washington, July 31.—Secretary Lansing is expected to appear soon before the senate foreign relations committee, Senator Lodge, its chairman, announced today when the committee met in open session for the first time, since it began consideration of the treaty of Versailles.

The secretary of state was to be questioned closely as to the protest against the Shantung settlement he, General Bliss and Henry White, as three of the American peace commissioners are purported to have signed before the peace negotiations were concluded.

Bernard M. Baruch, financial and economic expert, and one of the president's closest advisers at the peace conference was to be the first to testify at today's public session of

the committee with reference to the big financial and economic features of the treaty, including the maintenance and transfer of property rights, and the reparation exacted from Germany.

It was suggested that Thomas W. Lamont, of J. P. Morgan and Company, another of President Wilson's chief advisers in the financial and economic matters with which the peace conference was concerned, would follow Baruch.

It was Secretary Lansing who proposed to Senator Lodge that Baruch as well as F. W. Taussig, chairman of the United States tariff commission; Norman Davis and Bradley W. Palmer, other experts who also acted in an advisory capacity to the president at Paris and Versailles, be called before the committee.

HOLD REFERENDUM ELECTION ON THE CHICAGO RAIL STRIKE

Chicago, July 31.—A referendum election that is expected to lead to a settlement of Chicago's street car strike, will be held tomorrow, when 15,000 striking employees of the surface and elevated lines will vote for acceptance or rejection of the compromise offer submitted by the traction company officials. The referendum was ordered by W. D. Mahon, international president of the carmen's union, after conferences with union leaders, company officials and state authorities.

Mahon and other union leaders are confident that the men will accept the offer which provides an increase to 62 cents an hour, for the 8 hour day, with time and a half for overtime and other adjustments in working conditions.

Balloting will begin at 8 o'clock tomorrow morning and close at 4 p. m. Counting of the ballots will then begin and it is barely possible, if the vote of the men is favorable, that the strike will end some time Saturday. It is not likely, however, that complete service will be resumed before next week.

Should the men reject the proposition offered, all present efforts to settle the strike will have failed and a prolonged strike doubtless will result.

BIG CROWD ENJOYS A BASKET PICNIC

About 200 people had a delightful time at the basket picnic which was held by the congregation of St. Brigid's church in the O. S. and S. O. Home woods on the New Burlington pike Wednesday afternoon and evening.

A beautiful spot in the woods was selected where the tables were set and swings were hung from the trees for the pleasure of the children. Supper was served on long tables at 6 o'clock, and the contents of the baskets which included every picnic delicacy which skillful housewives could produce, were supplemented by coffee which was made on the grounds and ice cream which was the gift of several men of the congregation.

CROWNING FEATURE OF CHAUTAUQUA IS COMING FRIDAY

The comic opera "The Chocolate Soldier" the crowning feature of the Chautauqua program will be presented Friday night at the big tent on Church street, by a cast of 25 players.

With elaborate scenery, complete costumes, tuneful music and humorous lines and comical situations, this opera, which is regarded as one of the twentieth century light opera successes will be given in full just as it was presented in New York and other large cities, with full scenery, chorus and orchestra.

Featured in the cast are George O'Donnell, and a number of other stars who were in the cast at the time of the opera's long and sensational run in New York at the Casino theater.

The drama, "The Melting Pot," was presented to a large and very appreciative audience at the Chautauqua last night. The cast was very strong. Miss Elizabeth M. Walsh, a nurse with the American Red Cross, will give her experiences at the front in a lecture Friday afternoon.

The concert tonight by Madame Sybil Sammis MacDermid, is being looked forward to with much pleasure by Chautauqua patrons.

LLOYD GEORGE OF CHICAGO IS HIT

Chicago, Ill., July 31.—"Extra! Extra! Lloyd George run down by automobile," shouted newboys in Chicago's loop. Papers were purchased like "fall ones" on the last day of June, and the purchasers learned that the accident victim was eight-year-old Lloyd George, of Chicago.

CHICKENS DIE OF POISON INTENDED FOR THE RATS

GOVERNOR LOWDEN AND MAYOR THOMPSON MOVE TO QUELL RACE RIOTS IN CHICAGO.

GOV. FRANK O. LOWDEN.

MAYOR WM. H. THOMPSON.

Governor Frank O. Lowden, of Illinois, who has heeded the appeal of Mayor William Hale Thompson, of Chicago, and ordered the State Militia to the scene of the race riots in Chicago's "black belt." The rioting was the most serious race outbreak in the history of Illinois. According to latest reports twenty persons have been killed and more than a hundred wounded. A report from Chicago stated that 200,000 whites and negroes, about equally divided as to numbers, fought in the streets and alleys or covered in their homes while shots were fired, mounted policemen galloped along the boulevards, patrol wagons dashed through the streets with prisoners, and wounded men and women and children screamed as men fought with cudgels, knives and fists. The "Black Belt" is described as a battlefield, with unconscious whites and blacks, littering the streets. It is believed that the 4,000 troops comprising the State Guard and Militia can cope with the situation.

FOOD PRICES IN GREENE CO. TO BE INVESTIGATED

A grand jury investigation of the abnormally high prices of food stuffs and other necessities will be conducted in Greene county.

Prosecuting Attorney Harry D. Smith, who attended the meeting of prosecuting attorneys of the state which was held in Columbus yesterday for the purpose of considering the matter of possible criminal activity in the question of exorbitant prices, announced Thursday morning that he will ask for a special session of the grand jury for the second week in August to probe the situation.

The grand jury will meet August 11 for the special session and the prosecutor says he expects the inquiry will occupy about a week. Retailers and producers will be called to testify before the investigating body. The information secured will be turned over to the attorney general of the state to assist him in the state wide inquiry which will be made for the purpose of getting at the heart of the matter, and obtaining knowledge which will be useful in the effort to obtain enactment of federal laws which will control the situation and provide punishment for the guilty persons.

Should the local investigation show that illegal combinations to control food prices exist here, indictments will be returned.

Said the prosecutor:

"We will investigate the prices of

eggs, butter, cream, poultry, fruits, beef and pork and to an extent, wool. For this purpose we will call before the grand jury farmers, merchants, stock men and wool dealers."

"Investigations already conducted in Hamilton, Cuyahoga and Montgomery counties, show that commission men are to blame for the abnormal prices. They set prices without any respect to the law of supply and demand, and the producer suffers often as much as the consumer."

"This being a rural county, is a producing county. Produce raised here goes into the channels which place it under the control of these commission men."

The prosecutor said that the Hamilton county investigation disclosed that each forenoon a group of commission men, or merchants, drop into the Board of Trade and chat until about 11 o'clock or so. Then one of the group gets up and announces that he will bid so much a dozen for so many crates of eggs. That is all there is in it. The price named by the man is that to be paid for eggs, and this is telephoned out as the price of eggs for that day.

The fruit trust, says Prosecutor Smith is one of the strongest and most formidable food combinations existing.

An example of how the quantity of perishable goods on the market of controlled by commission men was cited. A farmer brings apples to this city and offers them for sale to a local merchant who deals for commission men. The dealer has been instructed that no more apples are to

be bought, and he refuses the fruit. The farmer has no resource but to take the apples home and lose them, or peddle them about the city. In this way the producer is a sufferer.

Prosecutor Smith and his family have planned a vacation trip for next week, and for that reason the grand jury inquiry will not be started until after his return, the second week in August. He will get upon the trail of the profiteers directly upon his return and a large number of persons will probably be called to give evidence before the probers.

GOITRE

Removed for Mrs. D. A. Wilt by External Remedy.

Mrs. D. A. Wilt, Washington, C. H., Ohio, says in her own home paper, the Washington Record-Republican: "I had an exophthalmic goitre and suffered beyond description for three years. I was a nervous wreck and in a terribly run-down condition. I had almost given up in despair, when a friend advised me to use Sorbol-Quadruple. Two bottles have practically cured me and restored me to much better health in every way. I am glad to tell my experience, even by letter."

Sorbol-Quadruple comes in small bottles, containing enough for most cases. It will not irritate or stain the skin. Requires ten minutes daily. Get further information at Sayre & Hemphill and drug stores everywhere, or write Sorbol company, Mechanicsburg, Ohio.

LA-MAY FACE POWDER IS HARMLESS TO THE MOST DELICATE SKIN

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And, it really stays better than any other face powder. It does not contain white lead or starchy rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging 'labbiness, crows' feet and wrinkles. Because it is pure and because it stays on so well this La-may powder

(French Poudre L'Ame) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may and see how splendidly it beautifies your complexion you will understand why it so quickly became the most popular beauty powder sold in New York. ITALIAN ARMY DIRIGIBLE INAUGURATES PASSENGER SERVICE.

ITALIAN DIRIGIBLE F-6 IN PASSENGER SERVICE. The huge Italian Army dirigible F-6, which recently inaugurated a passenger service at Milan, Italy. The F-6 is not near so big as the British dirigible R-34 which recently flew across the Atlantic, but it is one of the best airships in service. The upper photo shows the huge gondola of the F-6. This is divided into compartments, one for passenger accommodation and the other for housing crew and machinery. The lower photo shows the dirigible when she was leaving the ground at the start of the first passenger trip. A peculiar box-kite rudder aids in steering the huge craft.

MRS. EMMA MOORE IS GRANTED A DIVORCE FROM HER HUSBAND

Mrs. Emma Thompson Moore, was granted a decree of divorce from Charles Moore, well known drayman, Charles Moore well known drayman on Tuesday afternoon by Judge Cleveland of Wilmington, occupying the common pleas bench in the place of Judge C. H. Kyle.

Mrs. Moore was awarded real estate on West Main street, this city, free of the dower interest of her husband, who sought a half interest in the property.

Mrs. Moore asked for a divorce on the grounds of gross neglect and extreme cruelty. She averred that after she was married to Mr. Moore she gave him \$1600 to pay off debts and also paid off a mortgage for him on his dray. Her cruelty charge was based on her allegations that he had cursed her.

Mr. Moore filed an answer to his wife's petition, denying her charges and asking to be awarded one half interest in the real estate which his wife held in her name. He averred that after the property on West Second street was sold for \$4,000 and the proceeds reinvested in West Main street real estate, his wife agreed that the deed should be made to them jointly but that this promise was not carried out and the deed is held by his wife in her name.

He claimed that he was entitled to an interest in the property since he had paid taxes, kept up repairs, tended to the lawn, and so on.

"Mrs. Moore, did your husband bring any money or property to your home when you were married," asked Attorney W. L. Miller of his client on the witness stand.

"Yes, he brought a hat and hung it up," she snapped.

THEATERS

BIJOU.

Vital-Post War problems are depicted in Cecil B. DeMille's new Art-craft photoplay "For Better, For Worse," which will appear at the Bijou Theater Friday. The production is one of the biggest of De Mille's super-productions and features a cast that is thoroughly all-star.

The theme deals with a surgeon who is deemed a slacker by the woman he loves, an absorbing triangular love affair and of a soldier's noble sacrifice. Elliott Dexter is the surgeon and the other stars in the cast are Tom Forman, Gloria Swanson, Sylvia Ashton, Raymond Hatton, Theodore Roberts, Wanda Hawley, Winter Hall, Jack Holt and Fred Huntley.

CAN'T HAVE FUN AT RACES WITHOUT YOUR POCKETBOOK

Henry Rich, West Main street tailor, was the victim of a pickpocket while watching the races in the quarter stretch at the Jamestown fair track Wednesday afternoon. When Mr. Rich discovered his loss he found that his pocket-book and \$11 in cash it contained, were "absent without leave." A careful search for missing "jack" failed to reveal its whereabouts, and it was probably stolen while Mr. Rich was trying to coax a ten to one shot under the wire. What's the fun at the races without your pocketbook?

Company C Veteran, Dayton Home, Tells How Nerv-Worth Made Him Over.

Here's a striking contribution to Nerv-Worth fame.

"Off and on for 14 years I have been troubled with nervousness. Was so dizzy I would stagger and almost fall down. Stomach troubled me all the time and digestion very poor, so that I could not eat or sleep much and lost strength and weight. Had severe pains in the small of my back. Kidneys in very bad order. Was full of rheumatic pains and took all kinds of medicine to get some relief, but none came until I took one and one-half bottles of Nerv-Worth. It helped me right from the very start and I say that its results have been a marvel to me. All the troubles mentioned have left me and I now feel strong and vigorous. In fact, I am a well-man again. I recommend Nerv-Worth and shall always keep it on hand."

RED BLOODED MEN WIN OUT

THEY ARE ALWAYS ON TOP IN EVERY WALK OF LIFE.

It is a fact that red blooded men and women are at the top in every walk of life. Men and women with the driving force of red blood, rich in Iron and Phosphates do things, they get results.

Red blooded women are the heads of the happiest and most contented homes, they have the will and the desire to be real companions and helpmates. Leadership and happiness is only for the men and women who are willing to keep their blood and nerves strengthened and nourished with Iron and Phosphates.

A prominent doctor says: "It is a crime that so many men and women lack the rich, red blood and strong steady nerves to achieve their ambitions. It is all the more so because thin, watery blood is unnecessary, as rich red blood and strong nerves are within the grasp of everyone. Phosphated Iron makes pure blood by making new blood. It gives strength, brings color to the cheeks, increases the weight and appetite, drives away the blues and those sleepless nights, steadies and renews your nervous energy, makes you feel like a live one once again."

There must be something to it. Everyone who tries it is loud in praise of Phosphated Iron, and you have got to show people these days. To insure physicians and their patients receiving the genuine Phosphated Iron it has been put up in capsules only. Do not allow dealers to give you pills or tablets. Insist on capsules. Sold at Sohn's Drug Store and druggists everywhere.

Famo Must Grow Hair or Money is Returned

FAMO is sold by the druggist named in this advertisement, on a positive money-back basis.

Unless you are absolutely satisfied with FAMO, you may return the bottle to the druggist and he will refund your money.

But we know you will not have to take advantage of this offer. The results achieved by FAMO are so wonderful that every purchaser is more than satisfied.

FAMO destroys the dandruff bacilli. It stops all scalp itching.

It checks the deadly seborrhean excretion which causes dandruff and makes the hair and scalp healthy.

There has never been anything like the way FAMO nourishes the hair. Even when baldness has appeared, FAMO will encourage and stimulate a growth of new hair—unless the roots are absolutely dead.

New, luxuriant hair appears when FAMO is used regularly.

When FAMO is used, the seborrhea microbe dies. The dandruff disappears.

Nature has its way. The hair flourishes as it never did before.

Grayness is retarded because FAMO contains no alcohol.

The persistent use of alcohol on the head causes grayness and falling hair.

When you use FAMO you can

see the difference almost from the first application.

The natural color is intensified—the hair has a new lustre and sheen.

The hair grows like the hair of a healthy child.

The scalp is as clean as a baby's—the hair luxuriant and soft.

FAMO is the result of three years of careful experimentation in the laboratories of one of the oldest pharmaceutical houses in Detroit.

Before it was offered to the public, it had been tried and tested and had proven the wonderful results it accomplishes.

FAMO is the answer of scientists to the ravages of the seborrhean bacilli which cause unhealthy hair. Even if dandruff has not made its appearance, you should use FAMO to keep the scalp and hair healthy and make the hair fluffy and beautiful.

FAMO comes in two sizes—35 cents and an extra large bottle at \$1.00.

It is sold at all toilet goods counters.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean excretion forms in scales or fluffs and is commonly known as dandruff.

THE SEMINARY IS TO STAY.

"Xenia, Ohio, oh yes, I know about it. That's where the United Presbyterian Theological Seminary is located—a fine old town, full of christian people." So said an Eastern lady to a friend who had inquired about one of the only three towns in the United States which commence with the letter X.

Well now, if the Eastern lady's description of the town is correct, it is up to us who live here to make her definition of us good. Of course, because the Theological Seminary brings here a lot of people who love God, and incidentally are good citizens, we rejoice with the community that the Seminary is to be continued here.

The committee to which was referred the question of the continuance here of the Seminary, or its removal elsewhere, was not asked as to the advisability of its union with the Pittsburg Seminary, as that point is admittedly settled by the church against such union. So the Seminary stays at Xenia, unless some point further West offers apparently more advantages.

Christianity is the companion of Liberty—the basis of a republican government. And the more we have of religion the better the Republic. Christianity proves itself. Whatever men may think of religion, the historic fact is that as christianity loses its hold, the fabric of the state is in peril. Christianity feeds the hungry, clothes the naked, visits the sick. "By their fruits ye shall know them."

And preaching is one of the foundations of christianity. John Hall said, "a strong and faithful pulpit is no mean safe-guard of a nation's life." In this day of world reconstruction what more essential than to have Men of God walking among us, earnestly persuading to a godly life?

We were pleading, the other day, for more manufacturing to build up Xenia. Now here is a different kind of manufacturing—for what is a Theological Seminary but a Preacher Factory? And if it doesn't build up Xenia numerically, it does build it up in reputation, and in the best kind of reputation. It gives us a good name, better perhaps than we deserve. So then the Theological Seminary is an advertisement for Xenia.

And as an advertisement, doesn't cost a cent—instead, it brings to the community a lot of christian young men who are beneficial adjuncts in the religious work of the local

churches, the Soldiers' Orphans' Home and the Infirmary—items greatly appreciated by the local ministry. And think of how many of these bright young fellows have got their loving life companions here, to go out over the country and advertise Xenia as their good old home town.

The whole surrounding country has always greatly appreciated the Seminary. Think of the godly men who have directed it, and have gone home to heaven, leaving precious memories. Their lives among us was a benediction. The whole atmosphere of the Institution has always been an uplift for righteousness, shedding its beams, like the sun, over all. The thought of losing it was distress—the hope to retain it is universal.

And now that the committee has decided that it shall continue here, there should be a wide-spread determination on the part of its friends to advertise its advantages. The war played havoc with it, and now comes the task of rehabilitation. The whole burden of this should not fall on the shoulders of Dr. Kyle. We are all interested—we should all help in whatever way we can.

If you know or hear of any young man who is going to study for the ministry, use every influence you can to induce him to Xenia Seminary.

(P. S.—Dr. Kyle is wholly guiltless of any knowledge of this article.)

SIN AND WEEDS.

It is difficult to reconcile the existence of sin and weeds with the wisdom and beneficence of an all-powerful Creator. Both are among the inscrutable mysteries of the universe.

Theologians have done their best to account for sin under the sovereignty of a loving and all-wise God, but have never given any satisfactory solution of the problem. The same difficulty attends the existence of weeds. The Bible throws the responsibility for this twofold curse upon man, and not upon the Creator. It says that he deliberately and willfully used his divine gift of freedom in transgression against the loving and gracious will of the Giver; and that, as a result, the ground was cursed for his sake with thorns and thistles, and that he would gain a livelihood therefrom with sorrow and "in the sweat of his face." An eternal fight with weeds was to be the penalty for his transgression.

Every owner of a garden faces the stern reality of this ancient mystery. Weeds are no joke. They are the counterpart in the natural world of sin in the moral world. Sins are the weeds of the moral world, as weeds are the persistent evil of the natural world. They are the sworn enemies of man. The one threatens to destroy his soul, the other to starve or overtax his body. He can be a normal, well-developed man only as he conquers both of them thoroughly and completely.

Both everlastingly challenge man's persistence and heroism, and it may be that in the inscrutable purpose of the creator a man is ultimately a stronger and better man for having to contend throughout his entire life with these two enemies.

NEW BANKING LAW IN EFFECT IN OHIO

Ohio now is operating under the most progressive banking code of any state in the Union, according to State Bank Superintendent P. H. Berg. The new code which was enacted during the recent session of the Legislature became operative July 11.

One of the chief features of the new banking code is its stringent provisions applicable to private banks. According to Assistant Bank Superintendent Obenderfer, the safeguards to the public in connection with private banks are about 95 percent greater than under the old law. There are 168 private banks in the state which are brought under direct supervision of the state banking department by the new code. Private banks now are required to respond to calls of the superintendent for statements of their condition on certain dates, and these statements, duly sworn to, must be published in the newspapers. Ownership of such banks also must be made public.

Acid-Stomach Makes 9 Out of 10 People Suffer

Doctors declare that more than 70 non organic diseases can be traced to Acid-Stomach. Starting with indigestion, heartburn, belching, food-repeating, bloating, sour, gassy stomach, the entire system eventually becomes affected, every vital organ suffering in some degree or other. You see these victims of Acid-Stomach everywhere—people who are subject to nervousness, headache, insomnia, biliousness—people who suffer from rheumatism, lumbago, sciatica and aches and pains all over the body. It is safe to say that about 9 people out of 10 suffer to some extent from Acid-Stomach.

If you suffer from stomach trouble or, even if you do not feel any stomach distress, yet are weak and ailing, feel tired and dragged, lack pep and enthusiasm and know that something is wrong although you cannot locate the exact cause of your trouble—you naturally want to get back your grip on health as quickly as possible. Then take EATONIC, the wonderful modern remedy that brings quick relief from pains of indigestion, belching, gassy bloating, etc. Keep your stomach strong, clean and sweet. See how your general health improves—how quickly the old-time vim, vigor and vitality come back! Get a big box of EATONIC from your druggist today. It is guaranteed to please you. KICK TO YOUR UNCLE SAM, NOT THE BAKER

It will be news to many people that every bakery in the United States is again under government license, and weekly reports have to be made, the price of flour and bread is stabilized and overcharging by a miller or baker subjects them to forfeiture of license and the closing of their business.

Now if you have a kick to make about the price of bread, you'll have to kick, not to the baker, but to Uncle Sam, who tells the baker at what price he must sell his product.

The new license system went into effect July 15. As everyone knows the government guarantees the price of wheat to the farmer at \$2.26 a bushel, and the new licensing system is to insure against speculation in flour and protection of the public in the purchase price of bread.

The baker is required to make a weekly report of all flour used and the amount on hand. He must also submit a copy of the invoice of every consignment of flour he buys. If he is compelled to pay more than \$11.50 a barrel for flour the government will refund to him the excess over that amount. On the other hand, if he is able to buy flour at less than \$11.50 a barrel he must pay the government the difference between the price at which he bought and \$11.50.

Just as stringent rules prevail as to the sale of bread. The standard price is fixed at about ten cents a pound. All bakeries must report their selling price and if found to be profiteering their license will be revoked and they will be put out of business.

CARD IN SERVICE BLOUSE LEADS A COUPLE TO ALTAR

Jeffersonville, Ind., July 21—Miss Julia Willinger, of Jeffersonville, placed her card in a service "blouse" when she was employed at the quartermaster depot here. The blouse fell into the hands of Fred L. Bothards, now inspector of an electrical works at Springfield, Ohio. He wrote to her and she wrote to him. That started it. From this point on the story follows usual story book channels right up to the altar. They were married.

There is a splendid opening in Jamestown for a department store since J. D. King sold his store, which was moved away. Not a place here where one can get dishes or any kind of cooking utensils, or any kind of novelties that are kept in a store of this character.

Fusses with Wife; Uses Dynamite; Blows Self Up.

Johnstown, Pa., July 31.—Geo. Ottwine, a miner, quarrelled with his wife. Then he secured two sticks of dynamite, applied the caps, sat down on the explosive and deliberately fired the shots. Fragments of his body were picked up one hundred feet away.

BOYS STEAL TO BUY HORSE SO THEY CAN CHASE INDIANS

Pittsburgh, Pa., July 31.—"I'll bid \$50 for that there white horse." "Make it \$60," piped a small barefoot boy, aged 11, as he held up his hand to the auctioneer, at a local sales stable.

Some one bid \$65.

"Do I hear \$70?" cried the auctioneer, as he looked at the boy.

"Seventy dollars," the small voice came back.

The crowd grew interested as the bid was raised to \$75.

The young bidder pushed it up to \$80 and after shouting for a while the auctioneer suddenly exclaimed:

"Sold to the young man there for \$80. Step right up, son, and get this here nice horse. It's a real bargain."

Joseph Devlin and his two urchin companions pushed forward to claim the animal. Joseph pulled out a fat bankroll from his pocket and peeled off the \$80.

"Look here, my young friend," said the auctioneer. "I want to give you a few pointers about the horse," and he proceeded to keep the boys interested until the police could be notified.

At the police station the boys confessed to stealing \$576 from an inviting till and they had planned to ride West on the horse to kill Indians.

RESOLUTION 67

DECLARING IT NECESSARY TO ISSUE BONDS IN THE SUM OF \$325,000.00 FOR THE PURPOSE OF CREATING A FUND FOR THE PURCHASE AND EXTENSION OF THE XENIA WATER COMPANY.

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF XENIA, STATE OF OHIO, TWO-THIRDS OF ALL MEMBERS CONCURRING:

SECTION 1. That it is necessary to issue and sell bonds of the City of Xenia, Ohio, in the sum of \$325,000.00 for the purpose of creating a fund for the purchase and extension of the Xenia Water Company.

SECTION 2. That the question of issuance and sale of bonds of said City in the sum and for the purpose aforesaid be submitted to a vote of the qualified electors of the said city, at a Special Election to be held in the City for that purpose on Thursday, the 25th day of September, 1919. Said election to be held at the regular places of voting in said City, as they may be designated, provided and conducted and certified as provided by law.

SECTION 3. That the Mayor or he, and he hereby is, directed to give notice of the time and place of holding said election in the manner provided by law.

SECTION 4. That the Clerk of this Commission be and he is directed to certify a copy of this resolution to the Board of Deputy State Supervisors of Elections of Greene County, Ohio.

Adopted this 24th day of July, 1919.

J. THORP CHARTERS, President City Commission.

ATTEST: George H. Stokes, Clerk City Commission.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35¢; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

LAXATIVE for Aged People

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble, and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

SANDRA THE JEALOUS

BY JANE PHELPS.

SANDRA DECIDES TO BE INDISCREET.

CHAPTER XXVII.

Instead of relieving my fears, Mrs. Gray's emphatic remark increased them. WHY wouldn't she answer so simple a question as I had asked? All this secrecy was baffling. It added to my unhappiness because of the surety I had that Everett did not love, never would love me because he had so passionately cared for Leola.

Of course, I was not unhappy all the time. No girl as young as I was would be. But I had long fits of depression when I wandered about the house disconsolately, wishing that I had someone like Rose to talk to. Even Buster and Toodles would have been joyously received. Then often when Everett was particularly stern I would weep and sob until I was ill. Then he would scold me severely; and perhaps go out and leave me alone for dinner and the evening.

"I have no wish to sit opposite you when you make yourself so unattractive," he would say sarcastically, then leave me. Not once had he taken me in his arms and tried to soothe me, and coax me not to cry. In all the stories I had read that was what husbands did—especially if they had been married only a short time.

I made up my mind I should have to forget my book heroes. Everett was awfully disappointing when I compared him to them. Not in looks. He was as handsome as any hero in any story I ever had read—at least I thought so. But he didn't act a bit like them. He was so matter of fact, so stern at times, and so unyielding. Never once had he given in to me or changed his mind when he made a statement, or said what I should do. Not even in the simplest matter.

Suddenly one day as I thought of this I made up my mind that it was because of Leola that he was so stern and so unyielding with me. That she had been allowed her freedom, and because she had been indiscreet—whatever he meant by that—and had been wilful and did as she wanted to. He had determined that I should do nothing I wanted to but should bend to his desires in all things.

This thought added to my hatred for Leola. It was bad enough to be "the second Mrs. Graham," to be told that Everett admired her hair and so had married me; that sapphires were worn by that other. But that I was to be refused my liberty; not allowed to have a mind of my own because of her was unbearable.

"I won't stand it! I'll do things too!" I declared aloud, "I'll be indiscreet too! Maybe then he'll love me like he did her."

The holidays had been hard for me. I had been accustomed to such fun and gaiety at home. A tree for the boys, and all sorts of simple games. The neighbors coming in; and we going to them. The Sunday School entertainment for which we boys and girls worked days before to trim the big tree for the little children, making cornucopias and stringing corn and incidentally having the time of our lives while doing it. All these simple homey pleasures had taken on a value they never before possessed as the holidays passed in a formal way that first year of my marriage.

Everett had been very kind. My own gift from him had been a lovely diamond wrist watch of exquisite workmanship. He had also given me a large check to buy gifts for the home folks. But we dined alone both Christmas and New Year's day, and a lonely dinner on those days seemed dreadful to me.

Everett had taken me to a play in the evening, but in spite of my determination not to, I cried myself to sleep both nights. I couldn't tell Everett I was crying because we had spent the holidays alone together. But I so longed for father, mother, and the boys. When Everett scolded me I cried all the harder. Then he became real cross with me and said some cruel things about crybabies and women who never were satisfied. At least I thought them cruel.

Mrs. Garry's dinner was to be the second week in January. My dress was lovely, but I looked awfully girlish in it. The modiste had followed Everett's directions very carefully. Hetty and Mrs. Gray admired it immensely when I tried it on for their benefit. And I hoped Hetty was right when she said:

"There won't be none there look like you do, Mrs. Graham. They can't, no matter what they wear; they are too old."

Again Everett took in that handsome Mrs. Barton. Again he laughed and chatted in so intimate a manner that I commenced to feel jealous of this lovely woman with whom he seemed on such friendly terms. She must have been thirty eight or forty years old, but next to me was, as she had been at that other dinner, the youngest looking woman at the table—and the loveliest. I would ask Everett to tell me all about her as we drove home. I was having an awfully stupid time and he was so gay. It wasn't fair. Once more I vowed:

CORN OIL COMING INTO GENERAL USE

EDWIN F. BOWERS, M. D.

Author of "Alcohol, Its Influence on Mind and Body," and "Bathing for Health."

Ever since the Indians passed the information along to our old Puritan fathers and their equally puritanical wives we, in America, have acknowledged that corn is a wonderfully nutritious and sustaining food.

It is only within recent years, however, that we have come to realize that the oil in the germ of the corn, hitherto regarded as a by-product, is one of the most valuable of all of the ingredients of the corn.

For recent experiments have proved

that corn oil, pound for pound, is one of the most readily converted and assimilated of all fats, and that it has very high nutritive qualities by reason of this fact.

Corn oil is a true "made-in-America" product, inasmuch as its use has been confined largely to America—although it is quite conceivable that, before many years, there will be a very great demand created for it abroad—especially in the British Isles, in all the northern countries of Europe, and, perhaps, even in the olive-growing countries themselves.

DADDY USES POOR ALIBI.

Chicago, Ill., July 31.—"You're the father of a bouncing baby boy," said a happy voice over the telephone to Edward Flannagan.

Flannagan jumped into an automobile and raced toward home. Arrested for passing another machine on the right side, he told Judge Stells of his good fortune and that he wanted to name the boy after him.

The judge declined the honor and fined Flannagan \$13 and costs.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production still rests upon her. While high prices for Grain, Cattle and Sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from \$15 to \$30 per acre—good grazing land at much less. Many farms paid for from a single year's crop. Raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Co's. offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers low taxation, good markets and shipping; free schools, churches and healthful climate. For particulars as to reduced railway rates, location of land, illustrated literature, etc., apply to Supt. of Immig., Ottawa, Can., or W. S. POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to Find Most Obstructive Case of Piles in Few Days.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

Frank J. Phillips of Bird Island, Sayre & Hemphill dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT — What is known as itching piles are not piles in the true sense of the word, although this condition may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

CHICAGO BUILDS WORKERS' HOMES

The newly organized Chicago
Housing Association has set itself to
the task of providing homes at cost
to the working men of the city. The
plan, which aims to increase the num-
ber of home owners, has the backing
of strong financial interests.

Whether or not the capitalists who
have inaugurated the project are in-
fluenced by the theory that a "home
owner never becomes a Bolshevik,"
they are offering the opportunity to
acquire homes to working men who
are unable with their own means to
build dwellings for themselves. They
are doing it on terms which, it is es-
timated will save the home-buyer on
each home, and enable him to make
payment gradually. The packers are
taking an active interest in the asso-
ciation, because of the housing dif-
ficulties of many of their employees.

The board of directors of the hous-
ing association includes men who,
from philanthropic motives as well as
from a desire to stabilize social con-
ditions, might become interested in
such a project.

The project has been underwritten
to the extent of \$1,000,000, it is an-
nounced, participation having been taken
by several of the city's wealthiest
men. A number of bankers have
promised their aid in floating a bond
issue to be secured by real estate to
be acquired by the association.

A tract of forty acres at South
State and Eighty-seventh streets has
been selected on which, as a begin-
ning of the project, there will be built
203 homes. These will be sold at
cost, on the basis of an initial pay-
ment of 10 per cent and the balance
over a long term of years.

HEAT RUINS STREETS.
Mattoon, Ill., July 31—Excessive
heat caused a ten-foot section of
street pavement to burst here. It re-
duced the bricks to bats. Several
similar explosions have been reported
recently in various parts of the city.

LEGAL NOTICE

Sealed bids will be received
at the office of the Auditor of the
City of Xenia, Ohio, until
12 o'clock, noon, of Thursday,
the 28th day of August, 1919,
for the purchase of the follow-
ing bond issue of the City of
Xenia, Ohio:

Ten Thousand Dollar (\$10,-
000) bonds, issued in anticipa-
tion of the general revenue of
said City of Xenia for the pur-
chase of a Combination Auto
Fire Truck for the use of said
City. Said bonds are issued
under authority of the laws of
the State of Ohio and of Sec-
tion 3339 of the General Code
of Ohio, and under and in ac-
cordance with a certain ordi-
nance of the City Commission,
being ordinance No. 62, and
passed by the City Commission
on the 12th day of June, 1919.

Said bonds are dated Septem-
ber 1st, 1919, and in the de-
nominations of One Thousand
Dollars each bearing interest
at the rate of Five and One-
half per cent per annum, in-
terest payable semi-annually,
interest coupons attached; said
bonds are numbered from one
to ten inclusive and payable at
the Citizens' National Bank of
Xenia, Ohio, and mature as
follows to-wit: Ten Thousand
Dollars, September 1st, 1920,
and One Thousand Dollars Sep-
tember 1st of each year there-
after to and including Septem-
ber 1st, 1929.

Said bonds will be sold to the
highest bidder for not less
than par and accrued interest.

All bids must state the num-
ber of bonds bid for and gross
amount of bid and accrued in-
terest to date of delivery. Bids
must be sealed and endorsed
"Bids for Combination Auto
Fire Truck?"

All bids must be accompanied
by a certified check payable to
the Treasurer of the City of
Xenia, Ohio, for Three (3) per
cent of the amount of bonds bid
for, upon the condition that if
the bid is accepted, the bidder
will receive and pay for said
bonds within 10 days from the
time of award, said check to be
retained by said City of Xenia,
Ohio, if said condition is not
fulfilled.

The successful bidder is to
furnish bond without charge to
the City therefor and subject
to the approval of the City
Commission.

The city reserves the right
to reject any and all bids.

The tax duplicate for the
year 1918, was \$10,791,430.00.

The indebtedness for the City
of Xenia, Ohio, including all
indebtedness except the above
proposed bond issue, is as fol-
lows:

General Bonds \$248,900.00
Special Assessment
Bonds 137,000.00

Total \$385,900.00

JAMESTOWN RACES ATTRACT BIG CROWD ON WEDNESDAY

A good crowd attended the annual
Jamestown fair Wednesday, when the
first day's racing was held.

The great midway, provided by the
large Empire shows carnival, was
crowded all afternoon and at night,
this part of the fair being open at
night all this week.

There were a number of starters in
the racing events, and some good
heats were recorded during the after-
noon. There were three events on
the afternoon's speed program, in-
cluding at 3:00 pace, a 2:30 trot and
a 2:20 pace. In the slow pace and
the 2:30 pace there were split heats
that kept the horse fans guessing,
but in the trot St. Patrick the Great
took the race in three straight heats.

In the first two heats St. Patrick
led the field by fifty feet and he
was not in danger when he won the
third heat, when Norwood Ben was
the runner up.

Tedy J., the Hollingsworth gelding,
with Johnny Jones up looked mighty
good in the three minute pacing
class, after he was able to hit his
stride. The number of entries in
these events made the starting a dif-
ficult job, but Starting Judge Frank
L. Johnson of this city managed to
get the steppers off in good shape in
practically every heat.

IF YOUR BLOOD
IS YOUR LIFE

HOW NECESSARY IS PURE
BLOOD TO YOUR GOOD
HEALTH.

Pure blood is as necessary to your
good health as the air you breathe,
the food you eat and the water you
drink.

When the blood becomes clogged
with impurities, you suffer from con-
stipation, your nerves are weakened,
your head aches and you feel gen-
erally run-down and exhausted.

The best and quickest way to
cleanse the blood of the impurities
which cause the trouble is to take the
treatment prescribed by a successful
physician for his patients.

This liquid treatment, ready pre-
pared, is known as Prescription
C-2223. It is taken in small doses be-
cause it is concentrated, and being
readily absorbed, cleanses the blood
of the impurities which cause your ill
health. After using Prescription
C-2223 for a short time, your skin
will have that glow of health, indi-
cating that your body is being nour-
ished by pure red blood.

Prescription C-2223 contains no
mercury, opium, morphine, chloral or
strychnine. It is for sale by most
good drug stores at \$1.50 a bottle, or
the C-2223 Laboratory, Memphis,
Tenn., will mail to you on receipt of
price. Clip and mail this advertise-

SUPERINTENDENT OF SCHOOLS JOHN R. PATTERSON RESIGNS

Superintendent of Schools John R. Patterson handed in his resignation as head of the local schools to the members of the Xenia Board of Education Thursday morning.

Mr. Patterson is resigning to take the position of Superintendent of the Bucyrus, Ohio, schools at a greatly increased salary over the remuneration he was receiving here. He will remain in Xenia for the present in order to be with his successor here for two weeks and expects to move to Bucyrus, between August 15 and 20. As yet the local board has not named a successor.

With the resignation of Mr. Patterson Thursday morning, it came to light that he had resigned previously in June, but his resignation was not accepted and he had withdrawn it. At that time he was considering an offer of the Superintendency of the Kenton, Ohio, schools at a three year contract at \$3,000 a year.

Shortly after Mr. and Mrs. Patterson and their little son, James, went to Nashville, Tennessee, in June to spend their vacation, they received an

SUPT. JOHN R. PATTERSON

offer from the Bucyrus Board of Education. Mr. Patterson went to Bucyrus immediately upon his return from the south Tuesday afternoon and signed a three year contract with the Bucyrus Board. He will receive a salary of \$2,900 the first year, \$3,100 the second year and \$3,300 the third year.

Mr. Patterson has been head of the Xenia schools for three years, coming here from Amherst, Ohio. Immediately upon his arrival here he began a reorganization of the Xenia City schools system. He inaugurated the present Junior High School system, putting it in effect in both the white and colored schools. The educator also initiated the industrial arts and the home economics departments in both the Junior and Senior High Schools and he provided an adequate Commercial course at Central High School which will be followed up at East High School starting in the coming Fall term.

Realizing the necessity of a larger and better school building, Superintendent Patterson has been a big factor in the fight for a new site and a new school building both for Central High School and for East High School. In going to Bucyrus, Ohio, Mr. Patterson is taking a bigger position in a larger city. Bucyrus is the county seat of Crawford County and boasts of a population of 14,000 people. It is a metal product city, which has managed to acquire a number of new plants recently and is growing rapidly.

The city recently passed a \$395,000 bond issue for a new school site and building, and the bonds were sold at a \$9,000 premium, which will give the city over \$400,000 for the new building. The site and athletic field will cost in the neighborhood of \$60,000.

The school operates the same system as Mr. Patterson inaugurated here, in regards to the Junior High School system, and the educator will find his work laid out for him in this respect. He expects to extend the manual arts and home economic departments to bring them up on a par with any city of its size in the state. Mr. Patterson's predecessor at Bucyrus, has accepted the Superintendency of the South Bend, Indiana, schools at a salary of \$5,000.

Mr. Patterson came to Xenia under a five year contract but he was readily released from his obligations by the local board of education, in order that he might take advantage of the better offer. In an attempt to meet the higher cost of living and the salary increases in a number of cities the board here had offered Mr. Patterson \$2,600 for next year.

SAYS HIS PRESCRIPTION

HAS POWERFUL INFLUENCE

OVER RHEUMATISM

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenhu Completely Banishes All Rheumatic Pains and Twinges. Mr. James H. Allen, suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Sayre & Hemphill has been appointed agent for Allenhu in this vicinity with the understanding that he will freely return the purchase money to all who state they received no benefit.
